History of Focal Point Seminars and Terms of Reference for OIE Focal Points for Veterinary Products

Regional Seminar for OIE National Focal Points for Veterinary Products
4th Cycle

Entebbe, Republic of Uganda
1–3 December 2015
First part:

History of Focal Point Seminars
Introduction

- The OIE has launched a global programme of capacity building for OIE Delegates and OIE National Focal Points.

- One of the objectives is to provide good governance concepts to the main actors of National Veterinary Services.

- Among the elements of governance, the OIE grants great importance to the good management of veterinary products, from both animal and public health points of view.
The appointment of Focal Points to the OIE should be only done by the National Delegate.

During the 76th General Session in May 2008, the World Assembly of Delegates has:

- re-iterated the importance of the Focal Point for information on animal diseases
- requested to nominate Focal Points on other subjects
History of Focal Point Seminars

- Delegates were requested to nominate focal points for:
  - Animal disease notification
  - Wildlife
  - Aquatic animal diseases
  - Animal welfare
  - Animal production food safety
  - Veterinary products

- Communication and Laboratories added later
Veterinary products
• include diagnostics, vaccines and veterinary drugs
• are key elements that enable detection, prevention and control of animal diseases
The Resolution on Veterinary Products (No. 25) adopted by the OIE Member Countries at the 77th OIE General Session in May 2009 promotes a coherent strategy related to veterinary products and strengthens OIE involvement in this field.
4. Nominate a national focal point for OIE on matters related to veterinary products according to the suggested Terms of Reference and encourage his/her participation in training sessions and appropriate international gatherings and meetings.

Terms of Reference for OIE Focal Points for Veterinary Products
Terms of Reference (ToRs) for National Focal Points were:

- Established by OIE Headquarters for all Focal Points
- First sent to all OIE Delegates in March 2009
The responsibilities of the focal points are under the authority of the OIE Delegate.

- Any information transmitted to the OIE from the different focal points needs to be transmitted under the designated authority of the OIE Delegate.
- This practice would equally apply, if focal points are located in other Departments or Ministries.
- From a legal perspective the OIE considers the official OIE Delegate to be the unique representative of the country.
Terms of Reference: Specific tasks

- Establish a network of veterinary product **experts** within his/her country or communicate with existing network;

- Establish and **maintain a dialogue with the Competent Authority** for veterinary products in his country, and to facilitate **cooperation and communication among** several authorities where responsibility is shared;
Terms of Reference

- Under the authority of the OIE Delegate of his/her country, **monitor legislation** on and **control** of veterinary products to ensure that these are in support of OIE international standards, guidelines and recommendations;

- **Act as a contact point with the OIE** on matters related to veterinary products;
Terms of Reference

- **Receive** from the OIE Headquarters information on VICH (1) activities and copies of the reports of the Biological Standards Commission and other relevant reports, should they address discussion points on veterinary products;

- **Conduct**, on request, the *in-country consultation process* with recognised veterinary product experts on draft texts of standards and/or on guidelines and recommendations proposed in those reports.

---

(1) VICH: International cooperation on harmonisation of technical requirements for Registration of Veterinary Products:
Terms of Reference

- **Prepare comments for the Delegate** on each of the relevant meeting reports reflecting the scientific view and position of the individual OIE Member Country and/or the region, including comments on the proposals for new or revised OIE standards, guidelines and recommendations *related to veterinary products*.
